Technical drawing of a circular electronic device, likely a sensor or actuator, showing dimensions and component details.

Dimensions:

- Outer diameter: $\varnothing 139,2$
- Inner diameter: 75
- Overall height: 155
- Mounting hole diameter: 49,4
- Distance from center to mounting hole: 104,6

Components and Features:

- CCW:** Counter-Clockwise rotation indicator.
- 8 PINS:** Pin connector details shown on the right.
- Internal Components:** A central yellow component, a blue component, and a red component are visible inside the housing.
